

Purdue Pharma Canada and Merck Canada are pleased to announce that effective **November 1st, 2016**, Merck Canada will transfer the marketing authorization of the following ophthalmic products to Purdue Pharma Canada. The portfolio will include these brands: **COSOPT® 2%/0.5%** (Dorzolamide HCl/ Timolol Maleate), **TIMOPTIC® 0.5%** (Timolol Maleate), **TIMOPTIC-XE® 0.25% & 0.5%** (Timolol Maleate) and **TRUSOPT® 2%** (Dorzolamide HCl).

Commencing November 1st 2016, your orders will need to be placed with your preferred wholesaler as a result of the supply and distribution of these products now being managed by Purdue Pharma Canada. Please note terms and conditions, including the return of goods, will be consistent with Purdue Pharma Canada policies.

Effective November 1st, 2016, please direct Customer Service Inquiries and Product Complaints to:
Purdue Pharma Customer Service at 1-800-387-4501 or customerservice@purdue.ca
For Pharmacovigilance, Drug Information and ADR reporting, please contact:
